

FAQ - RFP - QY75EES92025 - Monitoring and Evaluation Consultancy for English and Digital for Girls' Education (EDGE) with UNICEF

Question no 1: We would like to seek clarification on one point. In paragraph 2.1, it is mentioned that the scope of the study covers 1,820 marginalized adolescent girls from Afghan and host communities enrolled in the EDGE programme. We would like to confirm whether the British Council will be providing the database of these girls. If so, could you please specify the level of detail that will be shared; for instance, whether it will include contact information, addresses, or other relevant details?

Answer no 1: No personal information of beneficiaries will be shared as per our Information Governance standards. The shared information will include Grade, School name, District etc.

Question no 2: Monitoring and Evaluation Consultancy for English and Digital for Girls' Education (EDGE) with UNICEF". While the RFP outlines the deliverables, we noticed that the Terms of Reference (TORs) and other detailed project information are not included in the shared file. The document provides a brief overview, but we would appreciate more comprehensive details to fully understand the project scope and requirements. Could you please share the complete TORs with essential details on the background related to this assignment? This will help us prepare a more informed and aligned proposal.

Answer no 2: Please refer to the **updated** RFP which includes all the necessary information.
