

## Job Description

<b>Job Title</b>	<b>IT Manager</b>		
<b>Strategic Business Unit</b>	TVET IV	<b>Location</b>	Islamabad Or Karachi
<b>Pay Band</b>	Consultancy Contract (Long Term)	<b>Contract Duration</b>	4.5 Years Consultancy Contract
<b>Deadline to Apply:</b> 11 <sup>th</sup> February 2024 (11:59 PM)			

## About the project

This project is a 54-month programme jointly co-financed by the European Union, the German Federal Ministry for Economic Cooperation and Development (BMZ) and implemented by GIZ and the British Council and the overall objective of this action is to contribute towards strengthened inclusive socio-economic development of Pakistan, with sufficient skilled and relevant human capital available to meet private sector needs.

The British Council is leading on € 10 million funding for component 4; to increase availability of skilled female labour force in digital skills and high-tech professions. The British Council through delivering the component 4 of the project aims to develop high quality, relevant and inclusive TVET system with improved progression pathways to higher education and employment for Women, including refugee and returnee, and women with disabilities.

The project will be implemented in Khyber Pakhtunkhwa, Baluchistan and Gilgit Baltistan with an aim to develop and roll out new digital skills and high-tech CBT&A packages in Robotics, Artificial Intelligence, IoTs, and Data Science/Analytics including green skills and life skills as cross-cutting modules in collaboration with private sector, to be endorsed by federal authorities. The project will also establish two CoEs with the focus on digital skills and high-tech to offer career-focused training programmes to build the capacity of institutions for sustainability through teacher training, internationally accredited Digital Centre of Excellence and Public Private Partnership for the employment of trained students. This will also include women/ girls, persons with disabilities, migrants, returnees, and refugee communities as part of the target group.

## About the role

The post holder will be responsible to ensure the effective planning, implementation, and management of day-to-day IT operations and IT systems aspects of the project. This includes defining project-specific IT requirements, assembling, and selecting and deploying appropriate IT components, overseeing the IT budget, and ensuring the quality and reliability of IT components but not limited to Laptops, Printers, Access Control and Vendor Management.
