Request for Proposal (RFP)

For: Mapping exercise for the PAK UK Education Gateway Project

Date: 14 January 2010

1 Overview of the British Council

1.1 The British Council is the UK’s international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

1.3 The British Council employs over 10,500 staff worldwide. It has its headquarters in the UK, with offices in London, Manchester, Belfast, Cardiff and Edinburgh. Further information can be viewed at www.britishcouncil.org.

2 Introduction and Background to the Project / Programme

2.1 The British Council in Pakistan and Higher Education Commission (HEC) Pakistan has recently launched a joint programme Pak-UK Education Gateway, which aims to enhance partnership between the higher education sectors of Pakistan and the UK. Key areas of collaboration under this umbrella framework are: innovative and collaborative research, higher education leadership, quality assurance and standard setting, distance learning, international mobility and transnational education. Pak-UK Education Gateway builds on existing collaborations between the UK and Pakistan that the British Council and Higher Education Commission has facilitated over last fifteen years: from knowledge exchange and leadership development programmes, to student and teacher training, scholarships and research collaborations. This programme will support the ambitions set by the HEC in Vision 2025, the document charting out targets for the upcoming years.

As per information available with Higher Education Commission of Pakistan, there are more than 190 registered institutions currently, across the country. With PAK-UK linkages thriving and ready to
multiply with the upcoming opportunities presented via the PAK-UK Education Gateway, now arises the time to have authentic data of collaborations between Pakistan and UK Higher Educations institutions. The data will focus on the linkages established with between Pakistan and UK sector ranging from scholarships, exchange program, fellowships, university and/or self-financed UK education etc. The immediate outcome of this will be quantitative data analysis, whereas, the secondary outcome will be analysing the strengths and weaknesses/ success and failures of the multitude of collaborative programs in the country. This enable both Higher Education Commission and British Council to propose suitable interventions through easy interpretation of market demand, trends, and patterns.

2.2 The purpose and scope of this ITT and supporting documents is to explain in further detail the requirements of the British Council and the procurement process for submitting a tender proposal.

• Your tender responses to the tender requirements and pricing will be incorporated into the Contract, as appropriate.

13 Clarification Requests

13.2 Any clarification requests should clearly reference the appropriate paragraph in the RFP documentation and, to the extent possible, should be aggregated rather than sent individually.

13.3 The British Council reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. If the British Council considers the contents of the request not to be confidential, it will inform you and you will have the opportunity to withdraw the clarification query prior to the British Council responding to all potential suppliers.

13.4 The British Council may at any time request further information from potential suppliers to verify or clarify any aspects of their tender response or other information they may have provided. Should you not provide supplementary information or clarifications to the British Council by any deadline notified to you, your tender response may be rejected in full and you may be disqualified from this Procurement Process.

14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:
Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: The completed Qualification Questionnaire (if used) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (if used) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

Stage 3: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council’s requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (if used) responses may also be verified as part of this stage.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Weighting</th>
</tr>
</thead>
<tbody>
<tr>
<td>Company Profile</td>
<td>10%</td>
</tr>
<tr>
<td>Past working experience</td>
<td>15%</td>
</tr>
<tr>
<td>Proposal, Methodology and Approach</td>
<td>25%</td>
</tr>
<tr>
<td>Financial proposal</td>
<td>50%</td>
</tr>
</tbody>
</table>

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

<table>
<thead>
<tr>
<th>Points</th>
<th>Interpretation</th>
</tr>
</thead>
</table>
Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.

Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.

Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.

Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.

Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 **Commercial Evaluation** – Your “Overall Price” (as calculated in accordance with requirements of the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: \( \frac{\text{Lowest Overall Price}/\text{Overall Price being evaluated}}{} \times 10 \) (rounded to two decimal places) = commercial score.
14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (if used). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (if used) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
