Stage 1: Proposals will be checked to ensure that they have been completed correctly and all necessary information has been provided. responses correctly completed with all relevant information being provided and all mandatory requirements as outlined in Section 8 met will proceed to Stage 2. Any Proposal not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a Proposal is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: If a bidder succeeds in passing Stages 1 of the evaluation, then it will have its Proposal evaluated in accordance with the evaluation methodology set out below.

13.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages proposal using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Social Value	10%
Quality	25%
Delivery and Timelines	20%
Commercial	45%

13.3 Scoring Model – Proposals will be subject to an initial review at the start of Stage 2 of the evaluation process. Any Proposals not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Proposals not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.

7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

13.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex 3 Pricing Approach for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation, further information on this approach may be available in Annex 3. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full Proposal at this point. The British Council may also reject any Proposal where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the procurement rules. A maximum offer score of 10 will be awarded to the Proposal offering the lowest “Overall Price”. Other Proposals will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

13.5 Moderation and application of weightings – The evaluation panel appointed for this Procurement Process will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall Proposal score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

13.6 The Winning Proposal(s) - when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information)] obtained by the Authority relating to any self-certification or other requirements referred to at any time in this Procurement Process.
