

Study UK Virtual Fair- February 2022

Pakistan, Nepal, Bangladesh & Sri Lanka

Virtually meet official representatives of leading UK Universities and make the most of this opportunity!

- Learn about student life in the UK
- Discuss your study options
- Decide your subjects and course of study
- Plan your higher education career
- Discuss policies and guidelines for students during Covid- 19.

Here are some possible questions you can ask during your interaction with UK Universities

1. What are the UK policies and guidelines for students during Covid- 19?
2. What is the right time to apply for admission and submit the visa application?
3. How can the university offer any support or assistance with the visa application?
4. What programmes and disciplines do they have to offer? What is the most popular programme?
5. What options are available for your field of study?
6. Discuss eligibility criteria and entry requirements for the programme that interests you the most.
7. Assess the costs involved: course tuition fees, costs and options for accommodation, average student living expenses in the city etc.
8. Ask about student life on campus, co-curricular activities and student support services
9. Go long term: Discuss career placement support and future prospects of your field
10. Find out about available scholarships, funding options and part time work opportunities to support yourself.
11. What documents are required for the visa application?
12. What questions are asked during the visa interview?
13. Can you please brief us about the Graduate Immigration Route available for students?

For further information, please contact your school/University counsellors' office or email
